Special Notes:

Unlock your child's creativity this summer at Foundations of ART Summer Camp! Designed for students entering fifth and sixth grade, this camp builds a foundation in the elements of art while introducing the principles of design. Through hands-on projects, campers will explore a variety of artistic techniques. Each day will focus on developing essential art skills, encouraging young artists to think critically and creatively as they bring their ideas to life. With guidance from an experienced instructor, campers will gain confidence in their artistic abilities while working on individual projects. Our camp fosters a positive and inspiring environment where children can develop their artistic talents while having fun. (Please note: If there are any disciplinary issues that are a distraction from our creative time, parents will be called to pick up their student and the student will not be allowed to return -There will be no refunds). No prior art experience is necessary—just bring a curious mind and a love for creativity! Spaces are limited, so reserve your spot today!

Medical Info:

Medical information: I agree to hold Wall ISD and the directors and workers of the camp harmless in the event of an injury or accident during the course of the camp. I also give the staff of the camp permission to secure medical treatment for my child in an emergency situation.
